It would be helpful if you could provide an indication of the material you will be including in the bags, this is to avoid duplication where possible:	

Please note the deadline to indicate inclusion of your materials to Oil & Gas UK for within the delegate bags is Tuesday 30 May.

It would be expected that a company would provide sufficient materials to allow for each delegate attending the event (an indication of final numbers will given closer to the event in June, however we anticipate a capacity attendance of 400 delegates).

To book, please complete the delegate bag materials booking form and return to:
